

# **DVA Deutsche Verkehrs- Assekuranz-Vermittlungs-GmbH**

**Your insurance broker for your all-round protection**

**DVA**

*Comprehend. Counsel. Cover.*

## Your insurance broker in all cases

DVA Deutsche Verkehrs-Assekuranz-Vermittlungs-GmbH, with its headquarters in Bad Homburg and a branch in Berlin, is your reliable partner in all matters relating to company insurance. As an industrial insurance broker, we support companies of all kinds in all insurance matters.

We are sustainably successful for our clients, because we offer qualified advice, develop tailor-made insurance solutions and actively support them in handling claims that have arisen. Your contact person, who is personally responsible for you and guarantees the quality of our work, will show you the way to your company-specific insurance concept.

### **Our core industries:**

#### **Transport markets and major construction projects**

- National and international railways companies with their associated companies
- Large construction projects / construction companies
- Financers, lessors and leasing companies in the rail vehicle sector
- Service companies
- Industrial companies
- Transport operators
- Chartered accountant

## Our services for you

- ✓ A free, thorough analysis and evaluation of your operational risk situation
- ✓ The presentation of the insurance worthiness of your risks
- ✓ Reviewing your insurance contracts to determine whether they correspond to current market conditions and are tailored to your needs
- ✓ Making the necessary improvements, through independent negotiations with competent industrial insurers.
- ✓ Observation of all changes in the insurance market and in your company or its environment, taking into account current case law and legislation.
- ✓ Checking documents and premium invoices issued by insurers
- ✓ Active claims-management: From assistance in determining the loss, through negotiations with the insurer, to conclusion of a contract and financial compensation for the loss.
- ✓ Best customer service: An experienced customer advisor will look after you and supervises your risks and insurance contracts. At least once a year a meeting is held to review and optimise your policies, if necessary.

## The specialty departments of the DVA

All insurance issues are dealt with in our various specialty departments. As a central contact person and coordinator between the specialty departments, our customer advisors are at your side with their long-term working experience and profound knowledge across all lines of insurance business.

### Liability insurance and financial lines

We have a highly qualified team of insurance specialists, merchants and lawyers who will advise you on liability insurance and D&O (manager liability insurance).

### Motor, personal accident and legal aid insurances

We also guarantee intensive and prompt support by our specialised teams in the motor, personal accident and legal aid insurance departments.

### **Property and technical insurances**

We also advise you competently and comprehensively on property and technical insurances. Especially when it comes to property insurance for rail-bound traction units in Europe, DVA is your competent partner. And the confidence of our customers is measurable: More than 5,000 locomotives and multiple units are already optimally insured by RSA Insurance.

Based on our experience in the railway industry, we have developed special products that consider the particularities of the use of rail vehicles.

- DVA Rolling Stock All Risk Insurance (RSA)<sup>®</sup>
- DVA Lessor Special Risk Insurance (LSR)<sup>®</sup>
- DVA Rail Construction Machinery Insurance (RCM)

### **Transport and luggage insurance as well as forwarding and traffic liability insurance**

We mainly offer you our own policy concepts, which are coordinated with domestic and foreign insurance companies.

### **Construction projects**

As one of the leading providers of project-related insurance concepts for construction projects, we now manage measures with a total value of around EUR 100 billion. Whether a high-rise building, administration building, tunnel or bridge construction - we know the individual risks and dangers and will arrange the necessary insurance cover for you accordingly.

- DVA Combined Construction, Erection All Risk and Liability Insurance<sup>®</sup>

### **Health and benefits**

We provide you with comprehensive support in areas such as company pension schemes, healthcare, expatriate services and special topics such as lifetime working accounts.

### **International insurance**

Increasing globalization is a challenge and demands more complex insurance solutions. Our specialised contacts in all national and international insurance matters coordinate your insurance programmes and draw on a global network of cooperation partners. By placing your risks, our team works closely with the experts in the speciality departments to design insurance cover tailor-made for you.

## Our company philosophy

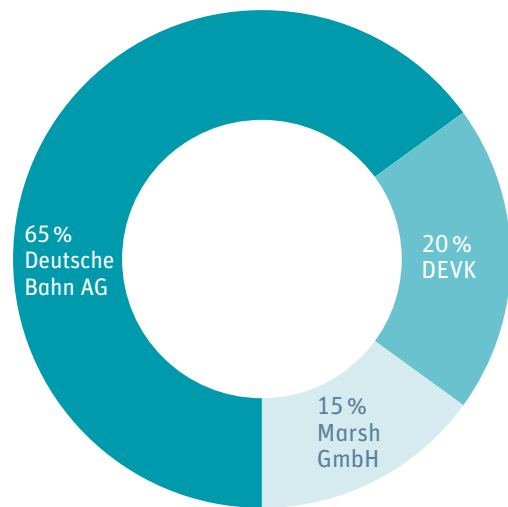

We act according to clearly defined guidelines. We regard customer-oriented actions as a joint task of all our employees. We provide you with individual, high-quality service and support you in insurance matters worldwide.

We work with the insurance markets on a long-term and fair basis. We constantly review the quality of our insurer portfolio.

We handle internal processes and important customer requirements efficiently and future-oriented with short decision paths. Through good employee planning and employee development, we ensure highly qualified, service-oriented and motivated employees who provide you with the optimum performance. Mutual respect is the basis of our corporate culture. We work together constructively and communicate openly with each other.

These values are the basis for our corporate success.

## Shareholders
